Plague in Egypt.

The Italian Government has suspended the special precautions taken against arrivals from Egypt on account of bubonic plague.

Plague in Mauritius.

A telegram from the governor of Mauritius announces that for the week ending May 14, 1903, there was one fatal case of plague on the island.

Plague in Peru.

The following official telegram from Lima, dated May 12, 1903, has been received by the Peruvian legation at London:

“Four cases of bubonic plague have appeared in Callao, but no fresh cases have broken out since the 7th instant. Lima and Ancon are both absolutely free from the plague. Ancon has meanwhile been declared a first-class commercial port, and takes the place of Callao till all danger disappears.”

JAPAN.

Report from Yokohama.

Assistant Surgeon Moore reports, May 6, as follows: During the week ended May 2, 1903, 4 vessels, having an aggregate personnel of 414 crew and 923 passengers, were granted bills of health; 474 steerage passengers were bathed and 640 pieces of baggage were disinfected.

For the week ended April 25 there were reported in Yokohama infectious diseases as follows: Enteric fever, 3 cases, no deaths; diphtheria, 2 cases, no deaths.
